VERSE 1

Dearly beloved, it can be so hard
To believe in love these days
Hearts get broken all the time
Still we have found our way
Yeah, we've made it here, Dearly beloved

CHORUS

And all that I am I offer you
And all that you give I take
with gratitude
All we can be for each other and this
world
May we become
Through shelter and storm

We promise love
We promise love

We promise love
We promise love

VERSE 2

Dearly beloved, you've shown me
that love is strong
And it's more than me and you
And with this vow we'll let it grow
Change us and make us new
Yeah, that's why we're here
Dearly beloved

CHORUS

BRIDGE

We promise love
That is bigger than the both of us
We promise love
That brings the whole world in
We promise love
That believes there is enough
We promise love

CHORUS
