Verse 1

All the hurting, all the shame. All the longing, every ache.
Releasing now, laying it down.
All the failure, all the strife. All the worry, every fight.
Heal us now, we don't know how.

Chorus

Offering it up to the One who is Love.
Offering it up to the One we trust.
Offering it up, Ooooh, Offering it Up.
Offering it Up.

Verse 2

All the hurry, all the rush. All the busy, every must.
Pressing in, stressing out.
All the misses, all regrets. All the pushes, every fret.
Can't let go, take it now.

Chorus

Offering it up to the One who is Love.
Offering it up to the One we trust.
Offering it up, Ooooh, Offering it Up.

Bridge x2

Movin' through this space, however long it takes
Present to the journey, with all it's uncertainty
And with all it's hope to redeem this story

Verse 3

All the wonder, all the clouds. All the mystery, every doubt.
Love them now, live them out.

Chorus

Offering it up to the One who is Love. Offering it up to the One we trust.

Offering it up, Ooooh, Offering it Up.

Offering it up to the One who is Love. Offering it up to the One we trust.

Offering it up, Ooooh, Offering it Up.

Tag Ending

Offering it up. Offering it Up.

Offering it up. Offering it Up.
