

“Belong Here”

Verse 1

Bring your weary bones, tired from the load
there's rest for you here
Bring your hurting heart that's been emptied and scarred
there's nothing to fear

Chorus

We all belong here
We all belong here

Verse 2

Bring your doubting mind, the fears you hide behind
but do not be ashamed
Bring your dirty hands and we will wash them again
but do not be ashamed

Chorus (repeat)

Ending

Bring your weary bones, tired from the load
there's rest for you here
