Even before I was born
Inside the womb you brought me into form
You knew me by name long before I could breathe
This Mystery is so deep it's hard to believe

***And wherever I go God you're already there
And before any words you have heard my heart's prayer
And there's nowhere to run from your Love and there's no place to hide
If it's true that you love me beyond right and wrong
And that you are the One I can always count on
Then you already know I'm so glad that I belong to you God
I belong to you God
We belong to you God, we all belong to you***

Even before I was born
Inside the womb you brought me into form
You knew me by name long before I could breathe
This Mystery is so deep it's hard to believe
